

Assignment

General Instruction

- Include jQuery in Master Page (index.html). Use CDN of jQuery.
- Include only required js and css files.
- Focus must be there on the First Enabled HTML input Control without using its ID (You can use FormID if necessary) when page load completed.

- Active Page must get selected in Menu.
- Use Proper naming convention and code formatting and give appropriate ID to control.

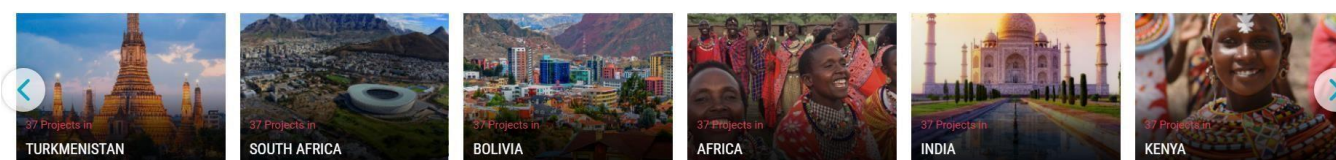

Home Page (index.html)

Implement sliders for following.

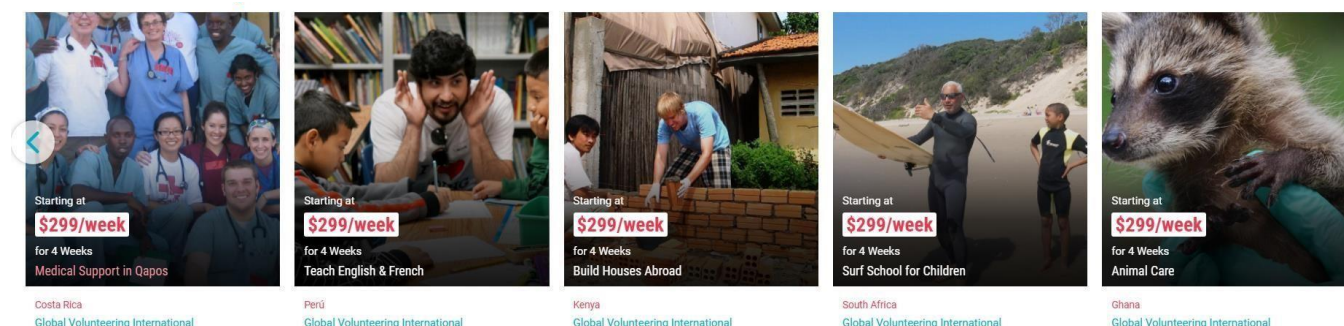

1. Trending Projects

2. Feature Destinations

3. Most Affordable Projects

- Use **Owl - Carousel** to implement Trending Project, Feature Destinations and Most Affordable Projects slider on Home Page.
- Make sure all the sliders have proper navigation option.

Home Page (index.html)

Search Options

Discover Yourself, Discover the World

Apply to your perfect volunteer, intern, or teach abroad program.

Type	Location	Activity	
Volunteer Abroad ▾	Anywhere	Anything ▾	Search

- For Type and Activity use **Dropkick**.
- For location use **Jquery UI** (give auto complete options with static data for now).

Project listing (search-result.html)

1. Filters

The screenshot displays a search interface for project listings. At the top, there are three main filter categories: Cause, Country/Continent, and Activity. The Cause filter has three options: Volunteer (checked), Teach, and Intern. The Country/Continent filter has a search box labeled 'Search Country/Continent'. The Activity filter has a dropdown menu showing 'Animal conversation'. A 'More filters' button with a count of 4 is located to the right. Below the filters, it shows '329 Results' and a 'Sort by: Relevancy' dropdown. Three project cards are visible: 'MEDICAL VOLUNTEERING' with an image of hands, 'LOREM IPSUM' with an image of a child, and 'DOLOR SIT' with an image of a tiger. A red arrow points from the 'More filters' button to a detailed view of the filter options. This detailed view includes 'Start date (range)' with two date pickers (month, dd, yyyy), a 'Duration' slider set to '1week - 10weeks', and a 'Minimum Age' dropdown set to '--'. A 'See results' button is at the bottom.

- On click of more filters button open more filters which include Start date, Duration and Minimum Age.
- For Country/Continent give suggestions with static data.
- Number of filters applied count must be reflected on top right side of More Filter button.
- Use **Dropkick** dropdown for Start Date and Minimum Age filters.
- Use **nouislider** for duration filter.

2. Project

Volunteer with Tigers

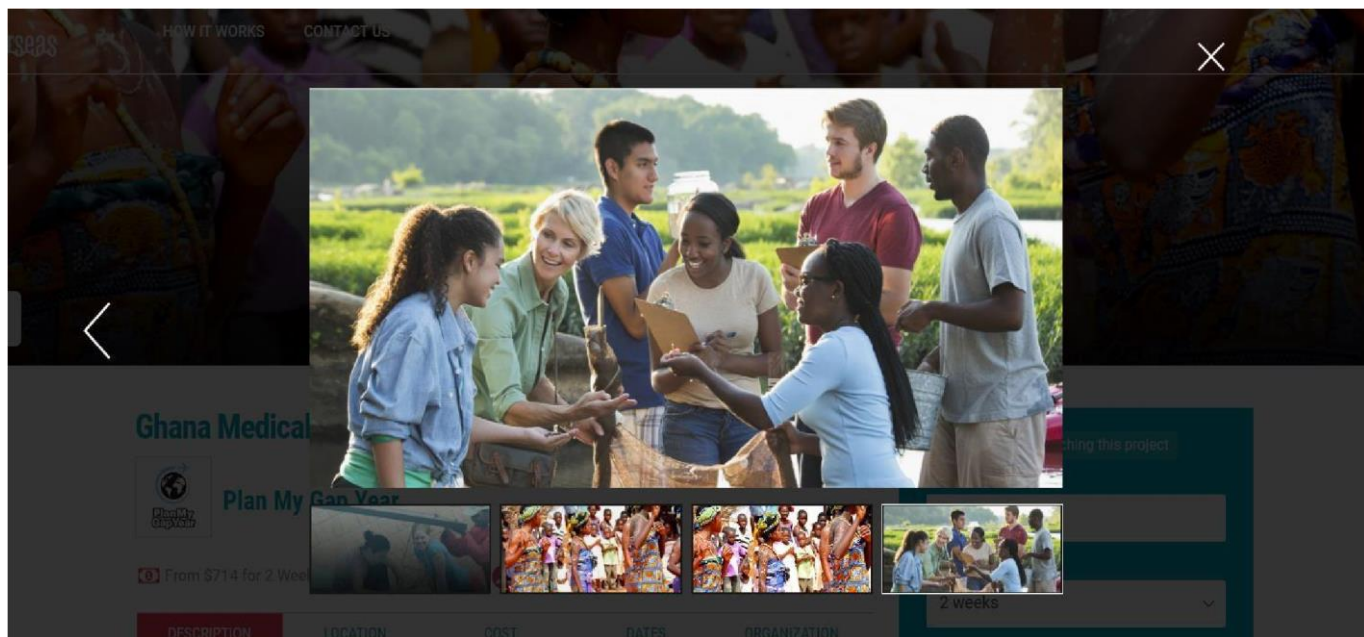

Love Volunteers

\$215/week • 1–12 weeks duration

- Use **Swipe Slider** for project images.
- Give prev and next option to navigate.

Project Detail (project.html)

1. On click of view photos open photo gallery

- Use **swipe** slider to implement gallery with proper navigations.

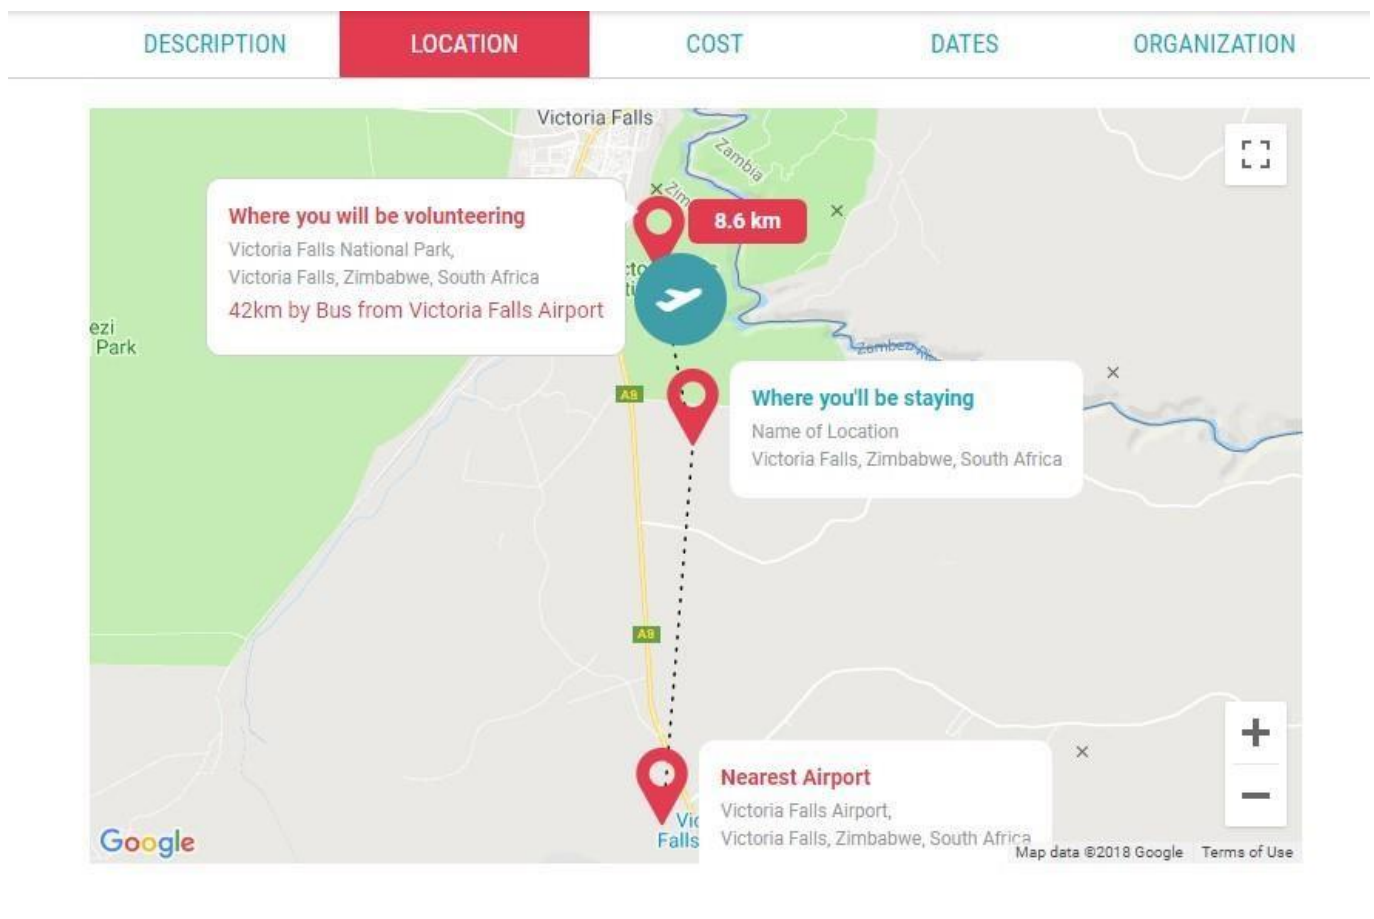

2. Tab selection

- Use bootstrap tabbing to create Description, Location, Cost, Dates and Organization tabs.
- On click of each tab scroll to its relevant description on page and highlight the tab to show which tab is active currently (for eg: on click of location, navigate to the map on same page and highlight the location tab).

Project Detail (project.html)

3 Map

- Use **google map API**.
- Use Custom marker to show marker on selected location (default marker should be on Plusinfosys use **Lat: 23.0748 and long: 72.5257**).
- Use Custom popup on map to show additional information.
- Use Custom Symbol (Polyline) to include lines between markers.
- **API key** will be provided after training.

Project Detail (project.html)

4. Project start dates listing:

DESCRIPTION	LOCATION	COST	DATES	ORGANIZATION
-------------	----------	------	-------	--------------

Project Start Dates

For the majority of our programs you can apply at any time. However, we advise that you apply as soon as possible to ensure we have availability in the program – particularly if you're looking to travel between June and August, as spaces can fill up very quickly during this period. Some of our programs have a limited capacity and spaces get filled very quickly. However, you should always make sure you're 100% committed to the program before applying.

The program ends on the Sunday of your final week and you should depart the accommodation on this day.

< February 2018	March 2018	April 2018	May 2018 >
04 Sunday	07 Sunday	04 Sunday	04 Sunday
18 Sunday	21 Sunday	18 Sunday	18 Sunday

- Use own carousel for project start dates.
- Give next and previous options.
- Use static dates for now.
